

Parent Release - Sunscreen and Insect Repellent

The nice weather is finally here and the children have been playing outside. Please make sure that you apply sunscreen to your child/ren in the morning before drop-off. If you would like us to re-apply sun screen or bug repellent to your child/ren after nap for afternoon outdoor play please complete this form. Teachers will not accept sunscreen or bug repellent without this form.

Sunscreen and insect repellent should be applied to a child at least once at home to test for any allergic reaction. Due to potential inhalation which can be especially dangerous to children with asthma or other conditions, aerosol sprays are prohibited.

Sunscreen/sunblock must provide UVB and UVA protection with an SPF of 15 or higher. Sunscreen may not be used on infants under 6 months of age unless accompanied by a note from the child's medical provider.

Insect repellent must contain a concentration of 30% DEET or less and may be applied no more than once a day. Insect repellent may not be used on infants under 2 months of age.

All sunscreen/sunblock and insect repellent provided by a parent/guardian must be:  
provided in the original container;  
clearly labeled with the child's full name;  
within the expiration date; and  
appropriate for the age of the child.

I give West Essex YMCA Peanut Shell permission to apply (name of sunscreen):

\_\_\_\_\_

and/or (name of insect repellent) \_\_\_\_\_

to my child (a separate form is required for each child), \_\_\_\_\_
