**Location** Greater Bergen County YMCA  
360 Main Street, Hackensack, NJ 07601

**Pool Location** Greater Bergen County YMCA

\*One Week Session

Each week we will concoct and construct hands-on experiments and STEAM (Science, Technology, Engineering, Art, and Math) projects that delight a child's sense of wonder. We foster community, promote personal growth and stimulate summer learning with discussions, outdoor play, art projects, gardening, swimming and more! Swim instruction is two days a week at the Greater Bergen County YMCA (when allowed). Daily outdoor activities and one field trip per session help campers become more aware of STEAM projects right here in New Jersey.

Weekly themes are always centered around STEAM. We like to keep our campers bodies and minds healthy and active while enjoying nature hikes, collecting specimens and participating in sculpture and molding projects. STEAM companies will also participate in our camp helping to showcase what careers look like in the STEAM fields.

We will be following all CDC, state and local Health Department safety guidelines. Due to social distancing restrictions on school buses, we will be cancelling all field trips. Instead of off-site field trips, we will be scheduling special program assemblies, local park walks, as well as a variety of virtual field trips. Swimming is currently suspended at this time.

**Before and After Care** is available on-site at the Greater Bergen County YMCA

**Before Care:** starts at 8:00am for \$35 per week  
**After Care:** ends at 6:00pm for \$65 per week

**Most child care subsidies are accepted and financial assistance is available through the Y for All program.**
