Week 1: June 24th-28th Summer Blast Off!

Figure It Out

Galaxy Crystals

Campers will engage in STEAM activities during this special. This week, they will be making galaxy crystals. Campers will experiment with different substances and learn, how when temperatures change, they can turn from liquids to solids.

Natural Wonders

Flower Rocket

Campers will discuss the importance of native plants in our environment and ways to help them in our own neighborhood. We will measure and mix ingredients to make individual flower rocket to take home.

In It to Win It

Meteor Dodge/Solar System Mural

Each week campers will race against the clock to complete two separate tasks. Campers will work together to create a group Solar System using crayons, markers, chalk, stickers, and more! Then we will journey outside to play a game of dodge the meteor sponge balls in our gaga pit.

Amazing Artists

Healthy U

Aliens and Astronauts

Campers will start out by stretching and warming up. Then they will split into two teams to play Aliens vs. Astronauts. Each team will try to get their rocks (balls) to the other team's planet as they voyage (race) across the galaxies (obstacle course). Sounds like fun!

Mix it Up.

Edible Space Ships

Campers will be measuring, mixing, and cutting a variety of ingredients to create their own edible spaceship. Soar into Space with a treat to eat!

Dancetinations

Outer Space Hip Hop Aerobics

Campers will discuss gravity and the importance of oxygen as they blast off to the Moon.

We will learn a hip-hop infused aerobic routine to the "Space Jam" theme song.

Imagination Station

YKnots 1 ONLY Rocket Ships

Campers will read Pete the Cat Out Of This World and use their imaginations to create rocket ships out of various art and craft materials.
